SUMMARY

I'm a junior web developer. Already I have worked with front-end and back-end technology almost 1 year. I'm very comfortable with web development technology. I am quick learner and my problem solving quality almost good.

SKILLS

Expertise: HTML, CSS, JavaScript, Bootstrap, Tailwind, React js, React Bootstrap
Comfortable: Node js, Express Js, Mongo dB
Familiar: React Native, Redux
Tools: VS Code, Figma, Github, Netlify, Firebase, Vercel

PROJECTS

Mobile Candy

- A full stack website with React js, Node js and mongo db.
- Website based on used mobile. A buyer can buy a used mobile and a seller can sell his/her used mobile. Where implement stripe card payment methods.
- Login system implement with firebase authentication.
- Live website links | Front-end Code | Back-end Code

Technology: Tailwind css, Daisy UI, React, Firebase, JWT token, Stripe payment method, Node js, Express js, Mongo DB

Patient Beta

- It is a full stack website created by React js, Node js and Mongo DB.
- Website is based on a doctor's appointment, a logged user can book an appointment, for booking this appointment the user has to pay, stripe card payment method implement. Also Admin can add a doctor with doctor's information. Only the admin can see some private routes. An admin can make admin others user.
- Live website links | Front-end Code | Back-end Code

Technology: Tailwind css, Daisy UI, React, Firebase, JWT token, Stripe payment method, Node js, Express js, Mongo DB

Food Delivery

- A full-stack website with React js, Node js and Mongo DB.
- This is a food delivery website. A user can review any food. Review stored in a database, a user who reviewed he/she can see his/her own reviewed information in my reviews page. Some pages include admin routes. Only the admin can see this.
- JWT used for this website. A user is valid or not, I check with this term with jwt authentication.
- Live website links | Front-end Code | Back-end Code

Technology: Tailwind css, Daisy UI, React, Firebase, Node js, Express js, Mongo DB

EDUCATION

Bachelor in Science: Statistics, Rajshahi University | 2020 – Present
